OFFICE OF THE MINISTER FOR AGRICULTURE No. 40/62

8) On 24th May 1962, I visited Karikatti village, Khanapur Taluk, Belgaum District, in connection with the inspection of forest land bearing S.Nos.1 to 6 of Mudaganur village. Smt. Champabai Bhogale, M.L.A., and other officers of the Forest and Co-operation Departments were present. There is a society called the Karikatti Group Co-operative Tenant Farming Society, Ltd., which has been established on 12-8-1953 with the object of obtaining and cultivating Government waste lands on co-operative lines to provide livilihood to the landless agriculturist families. The society is already in possession of 197 acres and 7 guntas and out

out of this, 176 acres have been actually cultivated crops worth Rs.17,000 were raised last year. There are 31 members at present who all belong to Scheduled castes.

f. 60/62

a) The Chairman, Karikatti Group Tenants Farming Society has petitioned to Government requesting for the release of forest lands in S.Nos.1 to 6 of Mudaganur village containing 60 acres. I inspected this land with the abovementioned officers. Though the rainfall in these parts ranges from 25 inches to 40 inches, yet this area which ~~is situated on a barren hillock is incapable of producing any~~ has no timber worthy of name. Morever, these survey numbers are surrounded by lands which are under cultivation. As the living conditions of these people in this village are very pathetic, there is a great need for amelioration and promoting the general well being of these people who have permanently settled on the farm. In order to make the Karikatti Group Co-operative Tenant Farming Society, Ltd., self-sufficient, S.Nos.1 to 6 containing 60 acres of forest land in Mudaganur may be released and handed over to the Society, for the benefit of the members who are mostly harijans. Orders may issue accordingly.

Respected Sir,

I would like to bring to your kind notice the following facts for favour of sympathetic consideration:

That the village Karikatti, is a newly colonised village in Khanapur Taluka, Dist Belgaum. In this village, some Harijans have come from a distance of 100 miles and above and settled here. The have formed a Co-operative Society, under the name "The Karikatti Harijan Co-operative Farming Society. In this Society there are 33 members now. So far the Govt has given about 5 acres each to a member for the purpose of cultivation. This land is not sufficient for their maintenance and livelyhood. Moreover this land is dry and arid, the Returns being very low. P.T.O

Sir,

Sub: Representation from Smt. Champabai Bhogale, M.L.A. for release of F.S.Nos. 1 to 5 of Mudagnur Taluk Khanapur in favour of the Karikatti Harijans Co.op Farming Society.

Ref: Your No.B3-D.Dis.1469/57 of 7-5-1962.

In resubmitting the application received under Government No.AFD 2550/62 of 2-4-1962 of Shrimati Champabai Bhogale, M.L.A. requesting for grant of land from F.S.No. 1 to 5 of Mudagnur for Karikatti Harijan Co-op Society, I have to state as under:

2. F.S.Nos. 1 to 5 of Mudagnur measuring 48 acres 29 gunthas were recommended for release in favour of cultivation under this office No.22/598/4142 of 27-3-1960 but the grant of these S.Nos. was not recommended by the Chief Conservator of Forests, to the Government as the release of S.Nos. 1 to 5 of Mudagnur would create an enclosure within the reserved forest rendering protection of surrounding Forests difficult. Kindly vide your letter No.B-3-246-1469 of 9-5-1960 in this connection. The Government have accepted the recommendations of the Chief Conservator of Forests and after examining the issue, the Government have in their No.G.O.AFD 133 FGN 59 of 16-12-1960 ordered the release of 74 acres and 25 gunthas of Forest land from out of F.S.Nos.37, 38, 10 and 12 of Ibrahimpur which were isolated patches, in liew of F.S.Nos. 1 to 5 of Mudagnur which could not be released for the above reasons. From the application I understand that the applicant may not be aware of the Govt. order noted above releasing 74 acres and 25 gunthas. The applicant may be informed of this and requested to approach the Revenue Department for allotment of the said area to the Society since the Forest Department has handed over the area to the Revenue Department after disposal of the forest growth. Besides this area, I understand, the Society has in its charge about 195 acres. Thus the Society has in all about 270 acres and this extent should suffice for 33 members.

3. I have inspected F.S.Nos. 1 to 5 of Mudagnur on 20-3-60 and other F.S.Nos. round about Mudagnur with a view to release some of the F.S.Nos. to the Co-operative Societies for rehabilitation purposes. The then Minister for Forests has also visited F.S.No.93 of Godholi and near about Forests in May 1960. After this, I had discussed the issue on 28-9-1960, in the Vidhan Soudha, Bangalore with the Minister and after prolonged discussion, it was decided to release other Forest Sy.Nos. other than F.S.Nos. 1 to 5 of Mudagnur and accordingly other areas were released to Karikatti Harijan's Cooperative Society and other Society Viz. Backward Class Joint Farming Society Mudagnur. Since I have once inspected the areas and there is no change in the situation, I feel it is not necessary now to inspect the areas once again.

4. In view of the above and since the conditions remain unchanged, I am not inclined to recommend the request of the applicant.

Yours faithfully,

D. Nanjundappa

Respected Sir,

Our behalf of the 120 families belonging to the the back-ward class and now settled at Mudganur , Taluka Khanapur Dist. Belgaum I have been struggling since long for obtaining lands.

We have been staying at Mudganur since four years and have organised a cooperative collective farming society lands measaring 128-14 acres in forest S.No. 8 of Karikatti and F.S.NO.35,36,37,41,48 of Bhuranki Taluka Khanapur Dist. Belgaum have been granted to the proposed society.The regi--stration proposal of the society was help up for want of additional lands. As it was learnt that the possession of the 128 acres of land would not be given unless the cociety was registered. So we were asvised by the authorities of the the cooperative department to reduce the membership to 15 insteadof 120 so that the society could be registered and i also that we could demand additinal lands for the rest of our people.We hame agreed to their advice and the propoded society wouls be registered shortly.

But the crux of our problem has yet not been solved inspite of our earnest and repeated humble requests and ceaseless efforts since four years. We hope that the registration of our society and the actul possession of lands of 128-14 acres will pave the way of additinal lands for the 120 families. These families have been staying at Mudgnur only with a hope that sufficient lands will be granted to them. Their feelings and hunger for lands have been deep-rooted in the soil of Mudgnur . We have been there looking forward for grant of lands which was person--ally promised by various ministers when we went to them in deputation a several times.

Forest survay NO. 1to 6 of Mudganur Taluka Khanapur Dist. Belgaum may please be granted to us. Forest S.NO. 1to 5 of Mudganur measure 49-19acres and F.S.NO.6 measure 1184-21 acres. This land will be sufficient for the 120 families settled at Mudganur.Mudganur is a bechirak village Ie a village deserted by people some years back . We the backward clss people who have been leading a noma-dic life and a measurable life wish to settle there and lead peaseful life. We have been staying at Mudganur since four years with a hope to lead such life and live as human beings and worthy citixens of india.

We are sure that the Govt. is very kind and its policies are to grant lands to our people wherever possible Our case is deserving and has been recommended even by ministers. We also asure that we will not spoil forest wealth adnorming the lands in F.S.NOs 1to 6 of Mudganur. Instesd we will extend all cooperation for its preserva-tion and growth. We humbly submit that there is not much forest growth in forest S.NO. 1-6of Mudganur . It will be more benefitial if it is given to usfor cultivation . Even from the ecconomic point of view the cultivation of F.S.NOs. 1-6of Mudganur will be better . Therefore we earnestly request your honour for grant of land in the above F.S.NOs. . All of us will join the society and assure your honour that we will make it a model Coopera-tive collective farming society of a backward class people who have been in hunger for these lands.

Yours' faithfully
